**DECISION AWARDING DAMAGES<sup>1</sup>**

On November 14, 2011, Petitioner Patricia A. Sayo filed a petition seeking compensation under the National Vaccine Injury Compensation Program, ("the Vaccine Program").<sup>2</sup> Petitioner alleges that she suffered Guillain-Barré syndrome ("GBS") and related complications as a result

---

<sup>1</sup> Because this decision contains a reasoned explanation for my action in this case, I will post this decision on the United States Court of Federal Claims' website, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, § 205, 116 Stat. 2899, 2913 (codified as amended at 44 U.S.C. § 3501 note (2006)). As provided by 42 U.S.C. § 300aa-12(d)(4)(B), however, the parties may object to the posted decision's inclusion of certain kinds of confidential information. Specifically, under Vaccine Rule 18(b), each party has 14 days within which to request redaction "of any information furnished by that party: (1) that is a trade secret or commercial or financial in substance and is privileged or confidential; or (2) that includes medical files or similar files, the disclosure of which would constitute a clearly unwarranted invasion of privacy." Vaccine Rule 18(b). Otherwise, the whole decision will be available to the public. (*Id.*)

<sup>2</sup> The National Vaccine Injury Compensation Program is set forth in Part 2 of the National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755, codified as amended, 42 U.S.C.A. § 300aa-10-§ 300aa-34 (West 1991 & Supp. 2002). All citations in this decision to individual sections of the Vaccine Act are to 42 U.S.C.A. § 300aa.

of receiving the influenza (“flu”) vaccine and/or the Tetanus-Diphtheria-acellular Pertussis (“TDaP”) vaccine.

Respondent denies that Petitioner’s GBS and any related medical problems were caused by the receipt of the flu or TDaP vaccines. Nonetheless both parties, while maintaining their above-stated positions, agreed in a stipulation filed February 10, 2015 that the issues before them can be settled and that a decision should be entered awarding Petitioner compensation.

I have reviewed the file, and based upon that review, I conclude that the parties’ stipulation is reasonable. I therefore adopt it as my decision in awarding damages on the terms set forth therein.

The stipulation awards:

A lump sum of \$185,220.00, in the form of a check payable jointly to Petitioner and Delaware Physicians Care. This amount represents reimbursement of a State of Delaware Medicaid lien; and

A lump sum of \$500,000.00, in the form of a check payable to Petitioner. This amount represents compensation for all remaining damages that would be available under 42 U.S.C. § 300aa-15(a).

Stipulation ¶ 8.

I approve a Vaccine Program award in the requested amount set forth above to be made to Petitioner. In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court is directed to enter judgment herewith.<sup>3</sup>

**IT IS SO ORDERED.**

/s/ Brian H. Corcoran  
Brian H. Corcoran  
Special Master

---

<sup>3</sup> Pursuant to Vaccine Rule 11(a), the parties may expedite entry of judgment by jointly filing notice renouncing their right to seek review.

STIPULATION

The parties hereby stipulate to the following matters:

1. Patricia A. Sayo, petitioner, filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10 to 34 (the "Vaccine Program"). The petition seeks compensation for injuries allegedly related to petitioner's receipt of Tetanus-Diphtheria-acellular Pertussis ("Tdap") and influenza ("flu") vaccines, which vaccines are contained in the Vaccine Injury Table (the "Table"), 42 C.F.R. § 100.3(a).
2. Petitioner received a Tdap vaccine on September 21, 2009 and a flu vaccine on October 5, 2009.
3. The vaccines were administered within the United States.
4. Petitioner alleges that she suffered Guillain-Barré syndrome ("GBS"), which was caused-in-fact by one or more of the vaccines she received. Petitioner further alleges that she suffered the residual effects of this injury for more than six months.
5. Petitioner represents that there has been no prior award or settlement of a civil action for damages on her behalf as a result of her condition.

6. Respondent denies that the Tdap or flu vaccines caused petitioner's alleged GBS, or any other injury, and further denies that petitioner's current disabilities are sequelae of a vaccine-related injury.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payments:

- a) a lump sum of \$185,220.00, which amount represents reimbursement of a State of Delaware Medicaid lien, in the form of a check payable jointly to petitioner, and

Delaware Physicians Care  
Recovery Management Systems  
P.O. Box 32714  
Phoenix, AZ 85064  
Attn: Victor Womack/Cynthia Krugler

Petitioner agrees to endorse this check to the appropriate State agency.

- b) a lump sum of \$500,000.00 in the form of a check payable to petitioner representing all remaining damages available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that they have identified to respondent all known sources of payment for items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), including State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or entities that provide health services on a prepaid basis.

11. Payment made pursuant to paragraph 8, and any amounts awarded pursuant to paragraph 9 of this Stipulation, will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, and past unreimbursed expenses, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in her individual capacity, and on behalf of her heirs, executors, administrators, successors, and assigns does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the United States Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the Tdap vaccine

administered on September 21, 2009 and the flu vaccine administered on October 5, 2009, as alleged by petitioner in a petition for vaccine compensation filed on or about November 14, 2011, in the United States Court of Federal Claims as petition No. 11-760V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the United States Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

16. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and further, that a change in the nature of the injury or condition or in the items of compensation sought, is not grounds to modify or revise this agreement.

17. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that the Tdap or flu vaccines caused petitioner's alleged GBS, or any other injury, or that her current disabilities are sequelae of her alleged vaccine-related injuries.

18. All rights and obligations of petitioner hereunder shall apply equally to petitioner's heirs, executors, administrators, successors, and/or assigns.

END OF STIPULATION

Respectfully submitted,

PETITIONER:

  
PATRICIA A. SAYO
