Decision by Stipulation; Damages;  
Attorneys' Fees and Costs;  
Meningococcal Conjugate  
(Menectra) Vaccine; Guillain-Barré  
Syndrome ("GBS")

*Milton Clay Ragsdale, IV*, Ragsdale LLC, Birmingham, AL, for Petitioner.

*Lindsay Corliss*, U.S. Dep't of Justice, Washington, D.C., for Respondent.

**DECISION AWARDING DAMAGES AND ATTORNEYS' FEES AND COSTS<sup>1</sup>**

On March 10, 2014, Miranda Hoffman filed a petition seeking compensation under the National Vaccine Injury Compensation Program.<sup>2</sup> Petitioner alleges that as a result of receiving the Meningococcal Conjugate (Menectra) vaccine on January 20, 2012 she suffered from Guillain-Barré syndrome ("GBS") and that she experienced the residual effects of this injury for more than six months.

<sup>1</sup> Because this decision contains a reasoned explanation for my action in this case, it will be posted on the website of the United States Court of Federal Claims, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, § 205, 116 Stat. 2899, 2913 (codified as amended at 44 U.S.C. § 3501 note (2006)). As provided by 42 U.S.C. § 300aa-12(d)(4)(B), however, the parties may object to the inclusion of certain kinds of confidential information. To do so, Vaccine Rule 18(b) provides that each party has 14 days within which to request redaction "of any information furnished by that party: (1) that is a trade secret or commercial or financial in substance and is privileged or confidential; or (2) that includes medical files or similar files, the disclosure of which would constitute a clearly unwarranted invasion of privacy." Vaccine Rule 18(b). Otherwise, the decision will be available to the public. *Id.*

<sup>2</sup> The National Vaccine Injury Compensation Program comprises Part 2 of the National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755 (codified as amended, 42 U.S.C.A. § 300aa-10 – 34 (2006)) [hereinafter "Vaccine Act" or "the Act"]. Individual sections references hereafter will be to § 300aa of the Act.

Respondent denies that Petitioner's GBS was caused-in-fact by her meningococcal vaccination, and denies that the vaccine caused any other injury or her current disabilities. Nonetheless both parties, while maintaining their above-stated positions, agreed in a stipulation (filed on November 19, 2014) that the issues before them can be settled and that a decision should be entered awarding Petitioner compensation.

In a separate stipulation (filed on November 17, 2014), the parties indicated that they had also reached an agreement regarding attorneys' fees and costs. The stipulation laid out the amount of compensation that should be awarded to Petitioner's attorney in the form of a check made payable jointly to Petitioner and Petitioner's counsel. In compliance with General Order #9, it also indicated that no out-of-pocket litigation related costs had been incurred by Petitioner in proceeding on the petition.

I have reviewed the file, and based upon that review, I conclude that the parties' stipulations are reasonable. I therefore adopt them as my decision in awarding damages, and attorneys' fees and costs, on the terms set forth therein.

The damages stipulation (a copy of which is attached) awards:

- A lump sum of \$350,000.00 in the form of a check payable to Petitioner. The amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

Stipulation ¶ 8.

The attorneys' fees and costs stipulation awards:

- A lump sum of \$18,693.49 in the form of a check payable jointly to Petitioner and Petitioner's attorney, M. Clay Ragsdale, Esq. for attorneys' fees and costs available under 42 U.S.C. § 300aa-15(e).

Stipulation ¶ 8.

I approve a Vaccine Program award in the requested amounts set forth above to be made to Petitioner. In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court is directed to enter judgment herewith.<sup>3</sup>

**IT IS SO ORDERED.**

<sup>3</sup> Pursuant to Vaccine Rule 11(a), the parties may expedite entry of judgment by each filing (either jointly or separately) a notice renouncing their right to seek review.

MIRANDA HOFFMAN,  
  
Petitioner,  
  
v.  
  
SECRETARY OF HEALTH AND  
HUMAN SERVICES,  
  
Respondent.

The parties hereby stipulate to the following matters:

2. Petitioner received her meningococcal vaccination on January 20, 2012.

3. The vaccine was administered within the United States.

4. Petitioner alleges that the meningococcal vaccine caused her to develop Guillain-Barré Syndrome (“GBS”), and that she experienced the residual effects of her injury for more than six months.

5. Petitioner represents that there has been no prior award or settlement of a civil action for damages as a result of her condition.

6. Respondent denies that the meningococcal immunization is the cause of petitioner's alleged GBS, and/or any other injury, or her current disabilities.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of **\$350,000.00** in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorney's fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that they have identified to respondent all known sources of payment for items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), including State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or by entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 of this Stipulation, and any amount awarded pursuant to paragraph 9, will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, and past unreimbursable expenses, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payment described in paragraph 8, and any amount awarded pursuant to paragraph 9, petitioner, in her individual capacity and on behalf of her heirs, executors, administrators, successors and/or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the meningococcal vaccination administered on January 20, 2012, as alleged by petitioner in a petition for vaccine compensation filed on or about March 10, 2014, in the United States Court of Federal Claims as petition No. 14-195V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

16. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or to do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and further, that a change in the nature of the injury or condition or in the items of compensation sought, is not grounds to modify or revise this agreement.

17. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that the meningococcal vaccine caused petitioner's alleged GBS, any other injury, or her current disabilities.

18. All rights and obligations of petitioner hereunder shall apply equally to petitioner's heirs, executors, administrators, successors, and/or assigns.
