On July 8, 2014, Gregory Smith filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² [the "Vaccine Act" or "Program"]. The petition alleges that as a result of a tetanus-diphtheria-acellular pertussis ("Tdap") vaccination on July 11, 2011, petitioner suffered an injury to his left shoulder and related sequelae. Petition at 6.

In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to delete medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will delete such material from public access.

“based on the record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Act.” *Id.* at 5.

In view of respondent’s concession and the evidence before me, I find that petitioner is entitled to compensation.
