DECISION AWARDING ATTORNEYS' FEES AND COSTS¹

On January 30, 2015, petitioner filed a petition under the National Childhood Vaccine Injury Act, 42 U.S.C. §§ 300aa-10-34 (2012) alleging that his receipt of Tetanus-Diphtheria-acellular Pertussis vaccine on April 30, 2013 caused him to develop Guillain-Barré syndrome

¹ Because this unpublished decision contains a reasoned explanation for the special master's action in this case, the special master intends to post this unpublished decision on the United States Court of Federal Claims' website, in accordance with the E-Government Act of 2002, 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). Vaccine Rule 18(b) states that all decisions of the special masters will be made available to the public unless they contain trade secrets or commercial or financial information that is privileged and confidential, or medical or similar information whose disclosure would constitute a clearly unwarranted invasion of privacy. When such a decision is filed, petitioner has 14 days to identify and move to redact such information prior to the document's disclosure. If the special master, upon review, agrees that the identified material fits within the banned categories listed above, the special master shall redact such material from public access. On June 5, 2017, the undersigned issued an Order on petitioner's Motion to Redact dated April 19, 2017. In her Order, the undersigned granted petitioner's motion to redact his name, but denied petitioner's motion to redact the civil case number.

and/or chronic inflammatory demyelinating polyneuropathy. On June 1, 2017, the undersigned issued a decision awarding damages to petitioner based on the parties' stipulation.

On June 14, 2017, petitioner filed a motion for attorneys' fees and costs. Petitioner requests attorneys' fees in the amount of \$31,219.70 and attorneys' costs in the amount of \$19,943.34, for a total request of \$51,163.04. In accordance with General Order #9, petitioner filed a statement signed by petitioner saying he did not advance any costs in pursuit of his claim.

On July 3, 2017, respondent filed a response to petitioner's motion explaining he is satisfied that this case meets the statutory requirements for an award of attorneys' fees and costs under 42 U.S.C. § 300aa-15(e)(1)(A)-(B). Resp. at 2. Respondent "respectfully recommends that the [undersigned] exercise her discretion and determine a reasonable award for attorneys' fees and costs." Id. at 3.

The Vaccine Act permits an award of "reasonable attorneys' fees" and "other costs." 42 U.S.C. § 300aa-15(e)(1). It is not necessary for a petitioner to prevail in the case-in-chief in order to receive a fee award as long as petitioner brought the claim in "good faith and there was a reasonable basis for the claim." Id. The special master has "wide discretion in determining the reasonableness" of attorneys' fees and costs. Perreira v. Sec'y of HHS, 27 Fed. Cl. 29, 34 (1992), aff'd, 33 F.3d 1375 (Fed. Cir. 1994); see also Saxton ex rel. Saxton v. Sec'y of HHS, 3 F.3d 1517, 1519 (Fed. Cir. 1993) ("Vaccine program special masters are also entitled to use their prior experience in reviewing fee applications.").

Based on her experience and review of the billing records submitted by petitioner, the undersigned finds petitioner's attorneys' fees and costs request reasonable. Therefore, the undersigned **GRANTS** petitioner's Motion for Attorneys' Fees and Costs.

Accordingly, the court awards **\$51,163.04**, representing attorneys' fees and costs. The award shall be in the form of a check made payable jointly to petitioner and Maglio Christopher and Toale, PA in the amount of **\$51,163.04**.

In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court is directed to enter judgment herewith.²

IT IS SO ORDERED.
