**RULING ON ENTITLEMENT**<sup>1</sup>

Dorsey, Chief Special Master:

On July 31, 2015, Jean Mann ("petitioner") filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,<sup>2</sup> (the "Vaccine Act"). Petitioner alleges that she suffered brachial neuritis of her left shoulder as a result of receiving a tetanus-diphtheria-acellular pertussis ("Tdap") vaccine on August 15, 2012. Petition at 4. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On April 11, 2016, respondent filed her Rule 4(c) report in which she concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent concludes that petitioner suffered a Table brachial neuritis and that there is not a preponderance of the evidence that the brachial neuritis was due to factors unrelated to the Tdap vaccination. *Id.* at 4. Respondent further agrees that compensation is appropriate under the Act. *Id.*

**In view of respondent's concession and the evidence before me, the undersigned finds that petitioner is entitled to compensation.**
