³ Petitioner’s application for fees and costs, although unopposed, relies upon proposed hourly rates for Petitioner’s counsel, Daniel Mannix, who practices in Glen Falls, New York. Respondent does not maintain an objection to the amount of fees and costs sought by Petitioner, and I find that the total sum requested is reasonable under the circumstances. Therefore, I do not reach the question of whether Mr. Mannix is entitled to the forum rate under the test established by the Federal Circuit in *Avera v. Sec’y of Health & Human Servs.*, 515 F.3d 1343, 1349 (Fed. Cir. 2008). This decision does not constitute such a determination.

⁴ This amount is intended to cover all legal expenses incurred in this matter. This award encompasses all charges by the attorney against a client, “advanced costs” as well as fees for legal services rendered. Furthermore, § 15(e)(3) prevents an attorney from charging or collecting fees (including costs) that would be in addition to the amount awarded herein. *See generally Beck v. Sec’y of Health & Human Servs.*, 924 F.2d 1029 (Fed. Cir. 1991).

⁵ Entry of judgment can be expedited by each party’s filing of a notice renouncing the right to seek review. Vaccine Rule 11(a).
