### **RULING ON ENTITLEMENT**<sup>1</sup>

**Dorsey**, Chief Special Master:

On December 18, 2015, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,<sup>2</sup> (the "Vaccine Act"). Petitioner alleges that she suffered a right shoulder injury following receipt of her October 8, 2013 influenza vaccination. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On June 7, 2016, respondent filed her Rule 4(c) report in which she concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "has concluded that the alleged injury is consistent with a shoulder injury related to vaccine administration ("SIRVA")." *Id.* at 3. Respondent further agrees that petitioner has met the statutory requirements by suffering her condition for more than six months and that based on the record petitioner has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.*
