PROFFER ON AWARD OF COMPENSATION

I. Compensation for Vaccine Injury-Related Items

On March 30, 2018, the Chief Special Master issued a Ruling on Entitlement, concluding that petitioner is entitled to compensation under the National Childhood Vaccine Injury Act of 1986, as amended, 42 U.S.C. §§ 300aa-1 to -34.

Respondent proffers that, based on the Chief Special Master's entitlement decision and the evidence of record, petitioner should be awarded \$88,017.82 (comprised of \$85,000.00 in past and future pain and suffering and \$3,017.82 in unreimbursable expenses).¹ This amount represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a). Petitioner agrees.

¹ The parties have no objection to the amount of the proffered award of damages. Assuming the Chief Special Master issues a damages decision in conformity with this proffer, the parties waive their right to seek review of such damages decision. However, respondent reserves his right, pursuant to 42 U.S.C. § 300aa-12(e), to seek review of the Special Master's March 30, 2018, entitlement decision.

II. Form of the Award

The parties recommend that the compensation provided to petitioner should be made as a lump sum payment of \$88,017.82, in the form of a check payable to petitioner.² This amount accounts for all elements of compensation under 42 U.S.C. § 300aa-15(a) to which petitioner would be entitled.
