RULING ON ENTITLEMENT¹

Dorsey, Chief Special Master:

On May 16, 2017, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered Guillian-Barre syndrome as a result of an influenza vaccination she received on November 8, 2011. Petition at 1. Petitioner further alleges that she received the vaccination in the United States, suffered the effects of her injury for more than six months, and has not brought a civil action or received compensation for her injury, alleged as vaccine caused. Petition at 1, 6. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, the undersigned intends to post it on the United States Court of Federal Claims' website, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, the undersigned agrees that the identified material fits within this definition, the undersigned will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On January 19, 2018, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent states that petitioner has satisfied the criteria set forth in the recently revised Vaccine Injury Table and the Qualifications and Aids to Interpretation. *Id.* at 3. Respondent further states that petitioner has satisfied the Vaccine Act's statute of limitations by filing within two years following revisions to the Table concerning an injury that occurred less than eight years prior to the effective date of the revision. *Id.* at 1.

In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
