RULING ON ENTITLEMENT¹

Dorsey, Chief Special Master:

On May 31, 2017, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered a left shoulder injury as a result of a tetanus vaccination administered on September 26, 2016. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On January 17, 2018, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. Specifically, respondent “believes that petitioner’s alleged injury is consistent with a shoulder injury related to vaccine administration (“SIRVA”), a Table injury, following the administration of the tetanus vaccine she received on September 26, 2016.” *Id.* at

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, the undersigned intends to post it on the United States Court of Federal Claims’ website, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, the undersigned agrees that the identified material fits within this definition, the undersigned will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

4. Respondent further agrees that no other cause for petitioner's injury was identified, that petitioner met the statutory requirements by suffering the condition for more than six months, and that petitioner has satisfied all legal prerequisites to compensation under the Vaccine Act. *Id.*

In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
