Respondent.

RESPONDENT'S PROFFER ON AWARD OF COMPENSATION

On September 15, 2017, Sandra Loydpierson ("petitioner") filed a petition for vaccine injury compensation alleging that she suffered a right shoulder injury related to vaccine administration ("SIRVA"), a Table injury, following receipt of an influenza ("flu") vaccination administered on October 6, 2016. Respondent filed his Rule 4(c) Report conceding entitlement to compensation on September 6, 2018. The Chief Special Master issued a Ruling on Entitlement that same day.

I. <u>Items of Compensation</u>

Based upon the evidence of record, respondent proffers that petitioner should be awarded \$55,000.00 for her past and future pain and suffering. This represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a).¹ Petitioner agrees.

¹ Should petitioner die prior to entry of judgment, the parties reserve the right to move the Court for appropriate relief. In particular, respondent would oppose any award for future damages.

II. Form of the Award

The parties recommend that the compensation provided to petitioner should be made through a lump sum payment of \$55,000.00 in the form of a check payable to petitioner.² Petitioner agrees.
