RESPONDENT'S PROFFER ON AWARD OF COMPENSATION

On February 8, 2019, respondent filed a Vaccine Rule 4(c) report concluding that petitioner suffered an injury that is compensable under the National Childhood Vaccine Injury Act of 1986, as amended, 42 U.S.C. §§300aa-10 to -34. Accordingly, on February 8, 2019, the Chief Special Master issued a Ruling on Entitlement, finding that petitioner was entitled to vaccine compensation for her Chronic Regional Pain Syndrome ("CRPS").

I. <u>Items of Compensation</u>

Based upon the evidence of record, respondent proffers that petitioner should be awarded \$115,000.00 which represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a). Petitioner agrees.

¹ Should petitioner die prior to entry of judgment, the parties reserve the right to move the Court for appropriate relief. In particular, respondent would oppose any award for future medical expenses, future lost earnings, and future pain and suffering.

II. Form of the Award

The parties recommend that the compensation provided to petitioner should be made through a lump sum payment of \$115,000.00 in the form of a check payable to petitioner.

Petitioner agrees.

Petitioner is a competent adult. Evidence of guardianship is not required in this case.

Respectfully submitted,
